

**Is your
company data
leaked?**

**DO A DARK WEB
QUICK-CHECK NOW**

**94% of the world's information is on
the deep and dark web!**

**We CYBER SAMURAI access this
information to proactively protect your
company from cyber attacks.**

**Together with you, we dynamically
adapt your security behavior to the
identified risk environment by:**

- ✓ **RECOGNIZING THE ATTACK SURFACE**
- ✓ **PROTECTING AGAINST DIGITAL RISKS**
- ✓ **PREDICTIVE CYBER INTELLIGENCE**
- ✓ **VISUALIZATION OF THE EXTERNAL
THREAT LANDSCAPE**
- ✓ **CREATING A ROBUST CYBER SECURITY
STRUCTURE**

GET AHEAD OF CYBERCRIMINALS!

Cybercriminals operate unnoticed on your network for an average of 175 days and nights before you can notice them and take countermeasures.

(*Source: Security Insider)

How quickly you detect and decode signals not only determines the status of your security measures, but also the continued existence of your company!

Get an early overview of your external threat landscape.
